OBJECTIVE

To transition my proven hard work, teamwork, leadership, and ability to improve processes over to the Computer Science field, utilizing my programming skills while continuing to improve.

SKILLS

- Java, Python, JavaScript, HTML, Dart, Flutter, C++, Microsoft Office.
- Communicating effectively with management.

EDUCATION

Bachelor of Science in Computer Science | Kennesaw State University

SUMMER 2018 – FALL 2022

- 4.0 GPA.
- Database Systems, Internet Programming, Parallel and Distributed Computing, Data Structures, Calc 2, Cryptography, AI, Technical Writing, Software Engineering, and more!

EXPERIENCE

Shipping Lead, Production Assembler | Hope Industrial Systems

JUNE 2016 – JUNE 2020

- Company expert in shipping department: domestic, international, freight and parcel shipping.
- Improved efficiency of shipping department by 40%:
 - Updated and streamlined procedures using technical writing skills.
- Communicated with management while training the rest of the team on my procedures, helping to lift them to the same efficiency level.

Cook, Barback, Bartender, Server | Jed's Bar and Grill

JUNE 2014 – MAY 2016

- Performed multiple roles on every shift.
- Took barback position from a 2 person role to a 1 person role with my exceptional work ethic.

Professional Ballet Dancer | Nashville Ballet

JUNE 2014 – JUNE 2015

- Practiced teamwork daily.
- Began at 17 years old, and danced professionally only 4 years later due to hard work and diligence.
